

Public Meeting Summary

Meeting name: Emmett Lions Club Briefing

Location: Emmett, ID

Date: May 8, 2009

Time: 12:00 p.m.

Purpose and introduction: Idaho Power was invited to attend a Lions Club meeting in Emmett, Idaho to provide an overview of the company's current projects.

Notification and attendance: Approximately 15 Lions Club members attended the meeting.

Format: Idaho Power staff member Bryan Wewers shared a three-minute video called "Our Energy Future" and discussed the company's capital transmission projects, including the Gateway projects, the Hemingway Substation, Boardman to Hemingway and Langley Gulch. Bryan reviewed routing, schedule, right of way and the purpose and need of the Gateway West Transmission Line Project. Bryan was available for questions after the presentation.

Key questions and themes:

- Most questions related to eminent domain.
- Other topics included routing, project schedule, right of way and the Gateway West Project's purpose and need.
